FINANCIAL AID

East-West Healing Arts Institute-Madison offers Title IV Federal Student Aid through the US Department of Education for those students who qualify. Eligible students who apply for Federal Student Aid may participate in the following programs:

- **Pell Grants:** This is grant money for your education that does not have to be paid back, and is available to qualifying students based on financial need.
- **Federal Direct Student Loans:**
 - **Subsidized Federal Direct Student Loan:** This loan is a long-term low interest student loan based on financial need. The government subsidizes, or pays the loan interest until 6 months after graduation.
 - **Unsubsidized Federal Direct Student Loan:** This loan is not based on financial need. It is available to students who do not qualify for the full amount of a subsidized loan, or in combination with an unsubsidized loan.
- **Parent Loan for Undergraduate Students (PLUS):** This loan enables parents of dependent students to get guaranteed loans to assist with the post-secondary education expenses of their children. Approval is based on income and credit history.

Students apply for Federal Student Aid directly by visiting the free application website www.FAFSA.ed.gov~ **EWHAJ Federal School Code: 042193**. Eligibility is determined by the US Department of Education. To ensure that funds are available at the beginning of the program, *students should complete the FASA application no later than 4 weeks prior to orientation*. Once processing is complete, students will be notified regarding the amount Financial Aid that is available. For questions regarding Federal Student Aid, contact the financial aid office: financialaid@acupressureschool.com

STAFF

Program Supervisor: XiPing Zhou, MDOM L.Ac. LMT. Nationally Certified Oriental Bodywork Therapy Instructor. Has over 30 years of teaching experience, specializing in TuiNa, Acupressure and AcuStone therapy. Master's Degree of Science in Medicine at HeiLongJiang, Medical University of TCM in Harbin, China. Currently Dr. Zhou practices acupuncture and oriental bodywork in Madison, WI and gives lectures internationally.

LaCuir Yancey, LMT BCTMB CPT: W202 Sports Massage, E202 Advanced Acupressure Point Application and Integration, E201 Advanced Tools, E204 TuiNa for Medical Conditions. Teaching experience: 12 years. East-West Healing Arts Institute. Part-time Instructor/Adjunct Faculty

Regulation & Licensing

Wisconsin State Law requires that massage therapists be licensed in order to practice massage. East-West Healing Arts Institute meets and exceeds all requirements to become a Licensed Massage Therapist in Wisconsin.

Annual Security Report

EWHAI's Annual Security Report (ASR) provides information regarding:

- 3-year Crime Statistics for EWHAI-Madison Campus and the Surrounding Public Property
- Policies & Procedures for reporting and responding to crimes that occur on campus, EWHAI campus security & law enforcement policies & procedures, and how the EWHAI community can prevent crimes and be responsible for their own safety and security, as well as others
- Policies & procedures for reporting and responding to emergencies that occur on campus, including EWHAI's emergency response & evacuation procedures
- EWHAI's policies regarding the possession, use and sale of alcoholic beverages and illegal drugs, including the enforcement of underage drinking laws, Federal and State laws, and institutional sanctions
- Resources for drug abuse education and prevention
- EWHAI's sexual abuse and domestic violence prevention education program and resources

The 2017 ASR is posted on EWHAI's website: acupressureschool.com/pdf/EWHAI-2017-Annual-Security-Report. A paper copy of this ACR is available, upon request: contact the School Administrator: admin@acupressureschool.com

Gainful Employment Disclosure

EWHAI's Gainful Employment Disclosure provides information regarding: 1) occupations that our Asian Bodywork & Therapeutic Massage program prepares students to enter, 2) program length (normal time to complete the full-time program), 3) the on-time graduation rate for students completing the program, 4) program costs for normal completion time, 5) job placement rates for students that completed the program, and 6) median loan debt incurred by students who completed the program. EWHAI's 2016-17 Gainful Employment Disclosure is posted on EWHAI's website: acupressureschool.com/images/GET/Gedt.html

Satisfactory Academic Progress for Federal Student Aid

Rights and Responsibilities of Students receiving Financial Assistance

Students have certain rights and responsibilities regarding maintaining eligibility for their Federal Student Aid as described below:

Satisfactory Academic Progress

Federal regulations and accreditation standards require East-West Healing Arts Institute to monitor academic progress of all matriculated students toward completion of their program (graduation) unless enrolled in personal enrichment courses. This process is called Satisfactory Academic Progress (SAP). This policy is enforced in conjunction with all other school policies and procedures. SAP is monitored weekly using two factors; grades earned for each completed class and cumulative attendance rate (percent of scheduled hours attended).

Grading Policy Defined

Grades provide clear feedback on progress toward graduation. Successful completion of a course requires a grade of A, B, or C. Grades of D and F do not constitute successful completion of a course. Satisfactory Academic Progress is defined as a passing grade of 70% or more per course (C) and an appropriate rate of progress toward completion of the program (67% of scheduled hours completed). Students with unsatisfactory academic progress have the opportunity to work with the School Administrator to develop a plan utilizing one of the following options at the School Administrator's approval to improve their academic progress: taking an alternative quiz, exam, make-up time for hands-on homework, written assignments, case study, or clinic internship.

Students participating in the Title IV Federal Financial Aid Programs are required by Federal Law to maintain Satisfactory Academic Progress in order to remain eligible for Federal funding.

Monitoring Grades and SAP

SAP is monitored weekly. Minimum SAP requirements to maintain Financial Aid Eligibility include maintaining a 70% (C) or more per course and an appropriate rate of progress toward completion of the program (67% of scheduled hours completed). Federal regulations require the SAP be evaluated minimally at the end of a Title IV payment period (halfway through the program).

Attendance, Tardiness, Makeup and Tests

Students are required to sign an attendance sheet for every class they attend. No student is allowed to sign in for another student. Student attendance records are also maintained electronically. Students are required to attend 100% of their classes to successfully complete the full program. Students who are 10 or more minutes late for class or who return late from a scheduled break, including lunch will be considered tardy. For each term, two incidents of being tardy or leaving early in one class will count as one unexcused absence. Regular absence can lead to a variety of negative consequences up to and including dismissal from the program. The School Administrator will meet with the student regarding tardiness and this may result in a written warning or lead to probation. Students are required to make up all missed class hours, class work, and exams within three weeks of the missed class. If a student has extenuating circumstances, the student should meet with the School Administrator. As a requirement of graduation, all missed work must be made up prior to the end of the fourth week of Term V.

If a student misses a class, the student is responsible for making up the course work and paying the making up charges. It is the student's responsibility to make arrangements with the instructor to make up all hours missed. Make-up requirements are determined by the instructor and may include making up the class the next time it is offered, tutoring (\$35 per hour tutoring fee will be charged by the instructor), and/or doing an assignment on campus (at no charge). The student will complete the assigned make-up work, verify a Make-up Sheet is filled out and signed by the instructor, and turn it in to the School Administrator. Classes must be made up prior to graduation and within the allotted 150% time frame for the program. Missing classes may postpone graduation due to enrollment and scheduling of classes. Students are strongly encouraged to meet with the School Administrator regarding any absences and their effect on progress through the program.

Financial Aid Probation

Students failing to meet the academic requirements will be placed on probation for one month. Students will be notified in writing that they have been placed on probation. Probation notices will be distributed within 10 days of the end of the month.

Students will be able to receive aid for the probation month. However, for financial aid eligibility to continue, students must meet both the minimum academic requirements by the end of the probation month. The probation notice will inform the student what class(es) must be brought to a passing grade and/or the attendance that must be successfully achieved in order to meet the minimum academic requirements.

Financial Aid Suspension

If a student fails to meet minimum academic requirements for two consecutive months, the student will be notified in writing they have been placed on Financial Aid Suspension. The suspension notice will detail what class must be brought to a passing grade and attendance must be successfully achieved to meet the minimum academic requirements. Suspension notices are distributed within 10 days of the end of the month. Students remain suspended from financial aid, and are responsible for required tuition payments until they meet the minimum academic requirements or are dismissed.

Financial Aid Appeals Process

Students who have been placed on financial aid probation, or suspension, or who have exceeded the 150% maximum timeframe limit may file an appeal if they have extenuating circumstances. Students must submit the following documentation within 15 days of notification:

- A letter explaining the extenuating circumstances, and
- Third-party documentation supporting the reason for the appeal

The documentation will be reviewed and students will receive written notification of the result of their appeal within 15 business days from submission of their documentation. If the appeal is granted, the student will be able to receive aid for the month listed in the notification. However, for financial aid eligibility to continue, students must meet the minimum academic requirements by the month specified in the notification. All results are final.

Return of Title IV Funds

Federal law requires that when you withdraw during a payment period or period of enrollment, the amount of FSA program assistance that you have earned up to that point is determined by a specific formula. This calculation determines the percentage of earned aid and is based on the ratio of clock hours scheduled to be complete as of the withdrawal/ dismissal date divided by the total hours in the award period. If you received less assistance than the amount that you earned, you will be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned to the Department of Education.

The amount of assistance that you have earned is determined on a pro-rate basis. That is, if you complete 30% of the payment period, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed 60% of the payment period, you earn **all** of your assistance.

If you received excess funds that must be returned, your school must return a portion of the excess equal to the lesser of:

- Your institutional charges multiplied by the unearned percentage of your funds, or
- The entire amount of the excess funds.

If a student earned less aid than was dispersed, funds will be returned to the US Department of Education in the following order: Unsubsidized Federal Direct Student Loan, Subsidized Federal Direct Student Loan, Federal Parent (PLUS) Loan, Federal Pell Grant. All funds required to be returned to the US Department of Education are charged to the student's tuition account balance and affects the amount of refund or balance owed by the student upon withdrawal/dismissal. Any tuition monies due to the school by the student who cancels, withdraws or is dismissed, not covered by Federal grants/loans, is due in full when the student leaves school.

Any monies paid to the school in excess of the sum due to the school by the student who cancels, withdraws or is dismissed, will be refunded within 40 days to the appropriate bank/lender on behalf of the student's account and the student will be notified.

If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you repay in accordance with the terms of the promissory note with the holder of the loan: scheduled payments over the term of loan.

If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are required to return 50% of the grant assistance that you receive. Any amount that you do not have to return is a grant overpayment, and you must make arrangements with your school or the Department of Education to return the funds.

If the calculation of Return to Title IV requires that the student return a portion of the financial aid that they received, the student has 45 days after notification to return the overpayment. Failure to do so may result in the student's ineligibility for federal student aid.

The student will receive a letter to their home mailing address when a calculation has been completed indicating the amount charged back, the current correct account balance, and the student's option for repayment.

Questions about the Return to Title IV policy can be directed to the financial aid office at financialaid@acupressureschool.com or by phone at 608-240-1600.

If a student has earned more aid than has been disbursed, they are eligible for a post-withdrawal disbursement. Students will be notified that they are eligible for a post-withdrawal disbursement and must consent to disburse the funds to their student account.

A sample worksheet used to calculate Return to Title IV Funds by EWHAI is available at: <http://ifap.ed.gov/ifap/titleiv.jsp> and selecting "Treatment of Title IV Funds When a Student Withdraws from a Clock Hour Program."

Questions about this policy should be directed to the Financial Aid Office at financialaid@acupressureschool.com or by phone at 608-240-1600.
